Who should attend Memory Cafe?

The memory cafe is a social gathering for individuals diagnosed with early to mid-stage dementia, mild cognitive impairment or concerns about memory and their loved ones (family, friends, or care providers). It is a safe environment, free of judgment and supportive; where the person and her/his loved one can enjoy socializing with others who are in a similar situation. It is NOT a drop off care option. Individuals who attend need to be self-sufficient in their self-care.
